

Hi! PARIS

PARIS ARTIFICIAL INTELLIGENCE FOR SOCIETY
ENGINEERING TEAM

Invitation

Hi! Breakfast #1

19th of May 2022, 08.30 to 10.00 AM

HEC Paris - Room T032

[PLEASE REGISTER HERE !](#)

Meet the Hi! PARIS Engineering Team for breakfast!

What's an Hi! Breakfast?

The **Hi! Breakfasts** are special moments within schools of the Hi! PARIS network between students, post-docs, researchers and the **Hi! PARIS Engineering Team** with coffee ☕, croissants 🥐 and good talks!

For our #1, we will introduce the **Hi! PARIS Engineering Team** and its aim at **providing engineering support for their research projects to HEC, IP Paris and Inria Saclay** faculty and researchers.

It will be the occasion to present the Hi! PARIS Engineering Team **request platform**, giving you the possibility to ask for support, such as coding, implementation, POC, etc.

We will be happy to welcome the research PI of **two completed and delivered projects** with the support of the Hi! PARIS Engineering Team and our request platform.

Finally, during the **Q&A session**, the engineer and the speakers will be happy to chat around a coffee.

Program

08.30 - 09.00 – **WELCOME** 🍷 + ☕

09.00 - 09.05 – **INTRODUCTION** by Christophe Perignon, HEC Paris Dean of research

09.05 - 09.20 – **Hi! PARIS ENGINEERING TEAM ACTIVITIES AND OUR ENGINEERING PORTAL**

09.20 - 09.50 – **THE RESEARCH PROJECTS**

- **Pavlo Pavlo Mozharovskyi** *Telecom Paris* – Data Depth (a package for anomaly detection)
- **Aluna Wang**, *HEC Paris* – Knowledge Spillovers in the Open Source Community (an analysis on knowledge sharing between Python developers on GitHub)

09.50 – 10.00 – **Q&A**
