Dear students!

It is with great pleasure that Hi! PARIS announces the opening of registrations for the 3rd edition of the Hi!ckathon which will take place from January 13th to 15th, 2023.

What is the Hi!ckathon?

The Hi!ckathon is the data/AI event organized by Hi! PARIS - the interdisciplinary research center in Data/AI with a worldwide vocation.

Winter is coming! This year the key theme is Energy Sobriety. This is your chance to have an impact and propose concrete solutions.

The Hi!ckathon is for you if you are motivated, have minimum skills in AI programming with Python and appetite for AI & its concrete applications in the business world.

What's in it for me?

- **Learn & develop your skills in AI & Data science**
- **Compete with the best students in a good spirit**
- **Super hands-on experience to highlight in your CV**
- **Meet other students, Data Scientists and professionals from companies who will coach you**
- **Contribute to solve real issues for companies and society**
- **Get the chance to spend a day at one of the corporate donors office**
